INCORPORATED

**WHO WE ARE...** *EDGE* Software Inc. is a custom software services firm based in Austin, TX since 1996. We have extensive experience in many diverse areas including business consulting, software/hardware development, and content development. Our experienced staff of professionals has worked with a wide array of platforms, languages, and tools in the course of our various projects.

**WHAT WE DO...** Quite simply: we write code. However, unlike most software companies, we realize that's only part of the job. We don't just write code... We *develop professional software*. This is why our clients choose *EDGE*. Many companies can find programmers to generate code. However, few have the experience to produce professional quality software.

Our ability to develop code is only the beginning of our capabilities. Being a "custom" firm, *EDGE* is able to provide our clients with a variety of services. A few of the services available from *EDGE* include:

-  SYSTEM ARCHITECTURE AND DESIGN
-  SOFTWARE/HARDWARE DEVELOPMENT
-  PROJECT MANAGEMENT
-  IT SUPPORT AND NETWORK ADMINISTRATION
-  COMPLETE TURNKEY SYSTEMS
-  TESTING AND QUALITY ASSURANCE
-  FEASIBILITY STUDIES
-  TECHNICAL DOCUMENTATION AND TRAINING SERVICES
-  CONTENT DEVELOPMENT

*EDGE* services are available on both a fixed and variable cost basis.

**PARTNERSHIPS...** Our goal at *EDGE* Software is to become our client's first choice for software and business consulting services. To accomplish this, we strive to exceed our client's expectations. *EDGE* clients cannot simply be satisfied with the job we do... they must be *impressed*. In this manner, *EDGE* strives to build lasting partnerships and ensure client satisfaction. It is upon this foundation that our clients are confident in returning for future development needs.

**EXPERIENCE...** Providing quality services begins with experience and ends with dedication. *EDGE* Software's professionals have years of experience in design, development, and testing of countless software projects. It is this experience, along with our dedication to giving clients the best quality service possible, which sets *EDGE* apart from other firms.

**A PROVEN TRACK RECORD...** *EDGE* Software has a proven track record of providing high quality, custom software and project management services. Our client list includes Fortune 100 corporations, government agencies, and small businesses. Our experience is broad and spans the complete software development cycle. Many client references are available upon request.
